SUMMARY

Synopsis of Bill

This memorial expresses support for the Hogback Bridge Project located on the Navajo Reservation in San Juan County.

Significant Issues

This bridge which is to be located across the San Juan River would not be on the State Highway System, but on the Bureau of Indian Affairs (BIA) road system. As a result, BIA is completing the planning for this project. The state does not have this project included in their Statewide Transportation Improvement Plan (STIP) at this time.

This memorial has no funding included however, it does ask New Mexico's Congressional Delegation to support the project. If they do so with Earmark or other funds that could be used on the state system and not Indian Reservation Road (IRR) funds then this could subtract from federal funding that would be available to the State.

FISCAL IMPLICATIONS

Possible reduction of future funding as outlined above.
